Hello, and thank you for your time. I'm Vanessa Nesbit from S. Olive Street. Our block has been dealing with extremely limited parking for quite a while, and it's affecting daily life for the people who live there.

We talked to our neighbors, and 55% of homeowners signed a petition supporting permit parking. That's a strong signal that our community is aligned and asking for help .Permit parking isn't meant to exclude anyone — it's meant to restore balance so residents can safely and reliably park near their homes. We're simply asking for the same consideration many other neighborhoods already receive.

Thank you for listening and for supporting our community."

I support the proposed implementation of permit parking on Olive Street between Almond Avenue and Palmyra Avenue. This request meets the City's established criteria, and the clear majority support from residents underscores the need to protect limited residential parking from spillover impacts.

I would also like to thank my neighbor for initiating this process and ensuring that residents had the opportunity to share their perspectives. Their efforts helped bring forward a solution that reflects the needs of the street. I respectfully encourage the Commission to approve this recommendation and advance it to the City Council for final action.
