<b>Support Renewal Total</b>	<b>\$45,947.72</b>
------------------------------	--------------------

Note: Dell Compellent has transitioned to a different Support Renewal structure as follows:

- 1) "Base" Items - Renewal pricing for hardware will only show support pricing for Compellent "base" items, which include controllers, enclosures and NAS gateways. This support pricing will cover the associated drives and IO cards within the "base" items, as applicable.
- 2) Support quotes are valid up to the date the system's support expires.
- 3) If the support has expired, customer will not receive support when they call in to Compellent Copilot Support Services.
- 4) Once the support has expired, the renewal date will begin when Compellent has processed a purchase order. Back-dating to the support expiration date is no longer available.
- 5) Reinstatement fees will be applied to any Support Contract that has expired for more than 30 days.
- 6) Renewal pricing only covers items that are "in use" at the time of quote generation.

Coverage Type is: Zone 1, ProSupport\* 24x7 w/ Priority On-Site (4 hour)

Terms and Conditions are identical to those currently in force.
