This project proposal is for a new 6-foot wrought iron vehicular gate for a contractor office building and yard. ## **11. ENVIRONMENTAL REVIEW**

The proposed project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) per State CEQA Guidelines 15303 (Class 3 - New Construction or Conversion of Small Structures) because the project includes the construction of a rolling gate which is an accessory structure to the primary building. There is no environmental public review required for a Categorical Exemption.

## **12. STAFF RECOMMENDATION AND REQUIRED FINDINGS**

Based on the following Findings and statements in support of such Findings, staff recommends the DRC make a final determination on the proposed project with recommended conditions (Orange Municipal Code 17.10.070.G).
