The City's Fiscal Year 2025-26 Statement of Investment Policy has been adopted by the City Council of the City of Orange on 8/12/2025 as Resolution 25-0474 and is in accordance with the California Government Code Sections 53600 et seq. Additionally, the City invests in high quality corporate notes, asset backed securities, and supranational agency bonds to obtain higher yields and add diversity to the portfolio. ### Treasurers' Comments:

Over the last quarter, we saw a minimal return (.27%) mainly driven by March performance (decline) - this was due to Iranian issues. The \$15 million dollar increase in portfolio size is driven from a transfer out of LAIF. Due to the yield curve returning to normalcy and LAIF dropping on a yield perspective (3.81%) - I made the decision to move this amount back to our Chandler portfolio.

Q3 FY26 was right in line with the Chandler benchmark. We saw some shift in Treasury notes decreasing from 41% from 37% and Corporate notes increasing from 25% to 27%. Additionally, Agency CMBS rose from 2% to 8%.

The investment portfolio as a whole, is in a healthy state and in full compliance with city and state regulations. I will continue to look for options on maximizing our returns. Lastly, we have new analysis looking at interest projections into June 2027. We can anticipate a lift of \$1.2 million dollars as we look to end the fiscal year
