APPLICANT: CITY OF ORANGE

WHEREAS, the 2010 City of Orange General Plan Land Use Element establishes a land use designation of “Public Facilities and Institutions” (PFI Land Use Designation) for certain public school sites throughout the City; and

WHEREAS, while the consistent Zoning Classification for the PFI Land Use Designation is “Public Institutions” (PI), certain public-school sites have Zoning Classifications ranging from Residential Single Family, Residential Multiple Family, and Recreation Open Space, which are not consistent with the PFI Land Use Designation; and

WHEREAS, State law contained in California Government Code §65860 requires consistency between a city’s General Plan and Zoning; and

WHEREAS, because the current Zoning Classification for public-school sites city-wide are inconsistent with the PFI Land Use Designation, which is contrary to State law, the City wishes to re-zone those certain public-school sites by adoption of proposed Zone Change No. 1313-24 (Proposed Ordinance); and

WHEREAS, the Planning Commission, having considered the proposed Ordinance to re-zone public school sites citywide at a public hearing held on April 1, 2024, including review of the staff report and having received public testimony on the item, has determined the proposed Ordinance is justified and recommends approval thereof.

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission recommends the City Council approve the subject proposed Ordinance, as depicted on maps included in Attachment A to this Resolution, attached hereto, based on the following findings:

SECTION 1- FINDINGS

1. The proposed Ordinance implements the General Plan Land Use Element by establishing Public Institution zoning on public school properties developed with public school campuses and facilities.
2. The proposed Ordinance applies zoning to individual properties that achieves consistency with the City's General Plan land use designations for those properties.
3. The proposed Ordinance maintains the residential development potential of the school sites being re-zoned from Residential to Public Institutions given that zone's accommodation of residential development affiliated with the institutional use at an intensity allowed under the maximum floor area ratio allowed under the General Plan.

SECTION 2-ENVIRONMENTAL REVIEW

Final Program Environmental Impact Report (EIR) No. 1815-09 for the Comprehensive General Plan Update was certified on March 9, 2010 and prepared in accordance with the California Environmental Quality Act (CEQA). The proposed activity is within the scope of the previously approved General Plan and is adequately described in the previously certified General Plan Program EIR for purposes of CEQA.

BE IT FURTHER RESOLVED that the Planning Commission recommends that the City's Zoning Map be amended as depicted on maps provided in Attachment A.

ADOPTED this 1st day of April 2024.
