Dear Ms. Wills:

Thank you for initiating consultation with me on behalf of the Federal Communications Commission (FCC) regarding your efforts to comply with Section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. 470f), as amended, and its implementing regulation found at 36 CFR Part 800. You do so under the terms of the Nationwide Programmatic Agreement for Review of Effects on Historic Properties for Certain Undertakings Approved by the Federal Communications Commission, September 2004 (PA). You are requesting I concur that the above-referenced undertaking will not adversely affect historic properties.

The FCC's licensee or the tower company named as the applicant proposes to construct and operate an unmanned cellular communications facility at the above-referenced address. In addition to your project description, you have submitted maps, photographs, the results of a records search conducted at the regional information center, evidence of Native American consultation, and evidence of public notification.

The consultants, on behalf of the FCC, have identified a historic property, the Elk's Building (1D) in the APE-DE.

Having reviewed the submitted documentation, **I concur** that the undertaking as described will not adversely affect historic properties.

Be advised that under certain circumstances, such as an unanticipated discovery or a change in project description, you may have additional future responsibilities for this undertaking under 36 CFR Part 800.
