Description

Is there anyway someone could call me please? 714- we have these cars going 100 miles an hour on our street. I have the videos and the cops can't do anything because they're already parked by the time they get here but we need to speed bumps and stop signs. There have been at least eight accidents, but they never call it in and report it because they're all illegal immigrants so they just paid each other off and go their separate ways but one of these times they're gonna go into my house and I'm really nervous and scared. I do have videos like I said if someone could please call me , we definitely need a stop sign on Lomita and Kathleen and Lomita and Adele and speed bumps this is a emergency !
