Subject: Neighborhood Parking Permit - Fairway Dr - Resident Input

To whom it may concern,

As a resident of Fairhaven Dr in the city of Orange, I am opposed to a permit program on this street. This neighborhood is at the furthest most, least congested area of Orange bordering Santa Ana.

There are rarely, if ever, any parking issues on this street.

There are weekly street sweepings which prevent long term parking issues or abandoned vehicles. And the neighboring side of Cambridge with high density apartments that park over here for street sweeping on their side are very few and have their vehicles moved by the end of the day.

The Tustin Ave side of Fairway Dr may have more issues with the apartments, but I can't imagine a permit program solving that.

Not once have I seen a parking permit program result in anything but increased fine revenue for the issuing city.

I understand the city currently has budgetary issues, but fining it's local population is not the solution. It is a waste of energy and resources for a problem that doesn't exist.

Thank you for your time and consideration.

Re: Parking Permit Program

I'm sorry I will be out of town on August 14th. and unable to attend the hearing.

I am opposed to the plan, I am at the west end of Fairway Dr. and feel you are shifting the burden of the City's past planning mistakes to already burdened tax payers a couple thousand feet away from the problem area. According to your plan you are exempting the very east end of Fairway Dr. the main problem area. The cutoff should be at west intersection of Fairway and Greenview and not west of that.

Again, please come out and see for yourself.

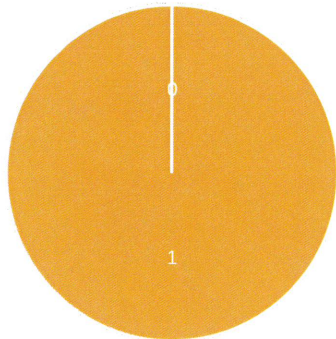

Sincerely,

Angel Bravo

Agenda Item: eComments for 4.1. Request for Permit Parking on both sides of E. Fairway Drive, from S. Cambridge Street to S. Tustin Street; both sides of E. Young Circle, south of E. Fairway Drive; and both side of E. Greenview Drive, south of E. Fairway Drive.

I very much support having permit parking on this street. I live in the affected area (641 E. Trenton Ave) and struggle with street parking frequently because people from around the corner (I've watched them park and walk) park in front of my house. It is my understanding that some of the people parking in front of my house are college students renting rooms on a nearby permit only street. They don't have permits as temporary renters, so they park around the corner in front of my place. More than once my driveway has been partially blocked. In addition, I have been unable to pull out my RV a few times because of parked cars of non residents. I have no problem asking a neighbor to move so I can pull the RV out, but these parked cars are not neighbors and I am unable to contact anyone to move their cars. In addition, more than once these parked cars have left trash by the curb and in the street by my house and in front of other houses.

This parking concern has been going on for years and is quite a nuisance for all of the previously mentioned reasons. A permit would alleviate this problem.
