2. PUBLIC COMMENTS

Public Speakers:

Theresa Sears offered information on current bills that address city and county open space plans and provided an update on receiving grant funding with the non-profit organization she works with.

Don Klop shared his experience riding his bicycle on Santiago Creek Trail and requested repairs to the trail.

Jensen Hanstrom shared his appreciation for the Commission.

Bill Sellin shared his thoughts on the City's regulation of electric bicycles.

3. APPROVAL OF MINUTES

3.1. Approval of minutes of the Santiago Creek Commission Regular Meeting held on January 22, 2025.

A motion was made by Commissioner Tillou, seconded by Commissioner Knight, to approve the minutes as presented. The motion carried by the following vote:

Ayes: Galera, Adams, Baca, Hillman, Knight, Tillou, and Moeller

Noes: None

Absent: None

4. COMMISSION BUSINESS

4.1. Review and discuss the Santiago Creek Strategic Plan - Segment Two vision statement.

Senior Assistant to the City Manager Jack Morgan presented the staff report.

Public Speakers:

Jensen Hanstrom suggested additional trees for shade cover landscaping.

A motion was made by Commissioner Tillou, seconded by Commissioner Knight, to approve the Segment Two vision statement. The motion carried by the following vote:

Ayes: Galera, Adams, Baca, Hillman, Knight, Tillou, and Moeller

Noes: None

Absent: None

4.2. Review and discuss the Santiago Creek Strategic Plan - Segment Two recommended projects.

Commissioner Hillman shared a presentation focusing on the Santiago Creek Segment Two. Commissioners Gallera, Hillman and Knight reviewed their proposed projects listed on the Second Segment Planning Sheet.

Public Speakers:

Adrienne Gladson submitted her project ideas for a community garden.

Consuelo Haysom shared the need of a community garden in east Orange.

Jeff Haysom proposed a community garden be placed around Grijalva Park and adjacent to the Santiago Creek.

Matthew Parks expressed his thoughts on the opportunity for marketing the Walnut and Collins portion of the trail.

Bill Sellin thanked the Commissioners for their consideration on separating a bike path from a walking path.

Jensen Hanstrom encouraged Commissioners to define native plants and source them responsibly.

Commissioners discussed the importance of public safety under the 55 freeway and Chapman Bridge, making projects more inclusive with regard to Class III E-Bikes and various ways the City can highlight historical features of the Santiago Creek.

1. SUBJECT

Review and discuss the Santiago Creek Strategic Plan - Segment Three vision statement.

2. SUMMARY

On April 23, 2025, the Santiago Creek Commission discussed the property ownership and area map as well as the overall themes for the Santiago Creek Strategic Plan - Segment Three. By establishing themes for a vision statement first, the Santiago Creek Commission created a focus to guide project recommendations that will be included in the final Santiago Creek Strategic Plan. The purpose of this item is to finalize the vision statement that will accompany project recommendations for the Santiago Creek Strategic Plan - Segment Three.

3. RECOMMENDED ACTION

Review, discuss, and establish the vision statement for the Santiago Creek Strategic Plan - Segment Three.

4. FISCAL IMPACT

None.

5. STRATEGIC PLAN GOALS

Goal 4: Improve Infrastructure, Mobility, and Technology.

6. DISCUSSION AND BACKGROUND

The Santiago Creek Commission (SCC) is working towards establishing a Santiago Creek Strategic Plan (Plan) that will 1) coalesce previous planning records into one document; and 2) establish a vision and set of projects delineated by segment for the City Council's consideration.

The purpose of this item is to review, discuss, and establish the vision statement for the Santiago Creek Strategic Plan - Segment Three (Segment Three). In taking the different themes identified at the April 23, 2025, SCC meeting, staff drafted the following vision statement for the SCC's consideration.

Proposed Segment Three Vision Statement

Segment Three extends from the 55 Freeway to Hart Park and the 22 Freeway. This segment comprises central and Old Towne Orange as it meanders to the neighboring City of Santa Ana. Segment Three's features include a mix of concrete channel and natural settings with a significant portion of this Segment adjacent to City of Orange (City) owned property. Segment Three projects recognize the value of having City-owned property near the Creek, particularly as this highly traveled Segment flows near the City's crown jewel - the Old Towne Orange Plaza. In the spirit of Old Towne, projects within this Segment celebrate and merge Orange's history and vision for the Creek's future. Segment Three focuses on fostering a safe recreational environment encompassed with natural vegetation while offering educational opportunities through historical markers so Orange and non-Orange residents alike may learn about what makes Orange unique. Understanding this Segment quickly transitions to the City of Santa Ana, Segment Three projects seek to capitalize on the availability of City-owned parcels and deliver a bold approach that will make Orange immediately stand out and welcome all Creek visitors to the City of Orange.

Should the SCC approve the Segment Three vision statement, this statement will accompany the recommended projects for this final stretch of the Santiago Creek Strategic Plan.

Vice Chair Galera Recommended Projects

Introduction:

The Segment Planning Sheet (SPS) is used by the Santiago Creek Commission (Commission) and City staff to set out a vision while identifying possible projects for City Council consideration along the Santiago Creek Area. The SPS intends to provide the City Council with critical information and ensure orderly implementation should the City Council wish to move forward with a specific project. Each project identifies how it furthers the Commission's purpose, the property zoning information, lead department, and specific funding sources (i.e., identify specific grants). The Plan is a living document that can be amended by the Commission to better meet the needs of the City should priorities and resources change over time.

Table Definitions:

1. **Recommended Project** – General description/name of the specific project along Santiago Creek.
2. **Recommended Priority** – Scored one through three with (1) representing critical and feasible projects that would immediately improve and promote Santiago Creek; (2) representing projects that would improve and promote Santiago Creek but would require funding not readily available; and (3) representing projects that although would improve and promote Santiago Creek, it would not make a significant contribution, and funding is not readily available.
3. **Project Description** – Details on what the project plans to incorporate and instruct. Additionally, a brief description on how it would improve Santiago Creek.
4. **Lead Department/Stakeholders** – Expected department(s) and/or outside groups to take lead on the project and expected staffing needs.
5. **Needed Collaborations** – Identify government agencies that would need to be involved in the proposed project.
6. **Recommended Funding Strategy** – Specific grants the City could pursue to implement the project along with any matching requirements. If a cost estimate is available, this should be included as well.
7. **Zoning Information and Limitation (if any)** – Detail the project location's zoning designation and any expected limitations or issues that would need to be addressed.
8. **Reference Documents** – Detail the planning documents, if any, that support or were the impetus for the proposed recommendation/project.
9. **Other Matters of Interest** – Check boxes that detail if the proposed project carries ecological, scenic, historical, and/or recreational significance/opportunities.
