Oppose the installation of rapid flashing beacons at the stated area. It is my understanding no accidents or deaths have occurred at the area in question. Rapid flashing beacons are out of character with the residential/recreational ambiance of this horse friendly neighborhood. If something is necessary, a painted cross walk, less intrusive but can alert drivers, bikes and pedestrians. There's already enough light pollution in the neighborhood. I live and work remotely and this area is, for the most part quiet, very little pedestrian traffic. I would reconsider the team indicating there's enough traffic to warrant rapid-flashing beacons. The team takes snap shots in time, I live here all the time. Appreciate safety measures, this one's too much. Thank you for your consideration.

Hi Jose,

We are in support of the proposed flashing beacons and we are hopeful this will slow down traffic on White Oak.

Please feel free to contact us if you have any additional questions.

Thank you,

Hi Mr. La Torre,

Thank you for the letter dated January 29th regarding the parking situation at the Katella Terrace Apartments. We appreciate you taking this matter into consideration since the parking situation has affected our business, the Del Taco located in the shopping center. We have noticed people parking close to our restaurant, especially the handicap spots, and walking over to the apartments. This leaves fewer parking spaces available for our customers purchasing food at our restaurant. A time limit would help alleviate some of the problem.

Please reach out to me if you have any questions or concerns.

Thank you for your time.

Kathe Ewing
