Secured by Check Point

Dear Traffic Engineering Division,

On behalf of Living Stone Korean Methodist Church, located at 295 S Flower St, Orange, I would like to formally request the installation of a red-painted curb at the entrance to our property.

Currently, there is no red curb marking at our driveway entrance. This creates potential traffic and safety issues, particularly during congregation gatherings when vehicles are entering and exiting the parking lot. We have observed that neighboring churches and apartment complexes in the area all have red curbs at their entrances, which help ensure clear visibility and safe traffic flow.

We respectfully request that the City evaluate our location and consider painting the curb red in front of our entrance. Please let us know if additional documentation, photos, or supporting information are needed to facilitate this request.

Thank you for your attention to this matter. We look forward to your guidance and next steps.

Sincerely,

John Cho
