

**COOPERATIVE AGREEMENT
AMONG THE CITIES OF ORANGE, ANAHEIM, PLACENTIA, SANTA ANA,
TUSTIN AND YORBA LINDA FOR THE
TUSTIN AVENUE/ROSE DRIVE CORRIDOR TRAFFIC SIGNAL
SYNCHRONIZATION PROJECT**

THIS COOPERATIVE AGREEMENT ("Agreement") is made and entered into this _____ day of _____, 2021 ("Effective Date"), by and among the CITY OF ORANGE, a municipal corporation ("ORANGE"), the CITY OF ANAHEIM, a municipal corporation ("ANAHEIM"), the CITY OF PLACENTIA, a municipal corporation ("PLACENTIA"), the CITY OF SANTA ANA, a municipal corporation ("SANTA ANA"), the CITY OF TUSTIN, a municipal corporation ("TUSTIN"), and the CITY OF YORBA LINDA, a municipal corporation ("YORBA LINDA"). ORANGE, ANAHEIM, PLACENTIA, SANTA ANA, TUSTIN AND YORBA LINDA are collectively referred to herein as "CITIES".

RECITALS

A. ORANGE applied for a grant from the Orange County Transportation Authority ("OCTA") as part of the Renewed Measure M (M2) Regional Traffic Signal Synchronization Program ("RTSSP") (Project P), aimed to coordinate traffic signals across multiple jurisdictions to enhance countywide traffic flow and reduce congestion (the "APPLICATION").

B. The Tustin Avenue/Rose Drive Traffic Signal Synchronization Project (the "PROJECT") was selected by OCTA as one of the RTSSP projects to be funded in Fiscal Year 2020-2021, based on an application submitted by ORANGE on behalf of CITIES.

C. OCTA and ORANGE entered into a Master Funding Agreement (Agreement No. C-1-2777) defining the terms and conditions for approved Measure M2 projects.

D. CITIES desire to initiate and implement the PROJECT, with ORANGE as the lead agency.

E. CITIES desire to enter into this Agreement to demonstrate their commitment to improving traffic signal synchronization opportunities for Orange County and to develop and implement the PROJECT.

F. CITIES desire to set the specific terms, conditions and funding responsibilities between the CITIES for the implementation of the PROJECT.

NOW, THEREFORE, it is mutually understood and agreed by the CITIES as follows:

1. TERM

This Agreement shall commence on the Effective Date and continue in full force and effect until December 31, 2026. This Agreement may be extended for up to two additional one-year periods upon the mutual written consent of the CITIES’ project liaisons.

2. SCOPE OF PROJECT

A. The PROJECT includes improvement at fifty-four (54) traffic signals along Tustin Avenue (known as Tustin Street in portions of the PROJECT area) and Rose Drive as described in and at an estimated cost as set forth in the PROJECT Application (“APPLICATION”) attached as Exhibit “A” and incorporated herein by this reference.

B. The PROJECT includes elements identified in the APPLICATION, including certain hardware and software upgrades to traffic controllers, traffic telecommunications, master controllers and associated systems (collectively referred to as “Traffic Control Elements”), and these Traffic Control Elements will be constructed and/or installed and implemented as part of the PROJECT as identified in the APPLICATION, attached as Exhibit “A.”

3. SHARED RESPONSIBILITIES

A. CITIES agree to coordinate the inclusion of other Traffic Control Elements and in-kind services to be integrated during the construction of the PROJECT that are not included in the project application and that the applicable city will have the responsibility for verifying and coordinating during the course of the PROJECT. All costs associated with the inclusion of other Traffic Control Elements, if any, are the sole responsibility of the city owning each and any of those other elements during the PROJECT.

B. CITIES agree to implement the PROJECT based on Exhibit “A,” including a combined cash and in-kind match of approximately Six Hundred Ninety Thousand Five Hundred Ninety Dollars (\$690,590.00), which equals twenty percent (20%) of the PROJECT cost split with the following cost contribution of cash and in kind services:

AGENCY	CASH		IN-KIND		TOTAL MATCH	
	PI*	O&M**	PI	O&M	PI	O&M
City of Anaheim	\$118,412.50	\$0.00	\$0.00	\$3,360.00	\$118,412.50	\$3,360.00
	\$118,412.50		\$3,360.00		\$121,772.50	
City of Orange	\$224,520.00	\$12,000.00	\$0.00	\$0.00	\$224,520.00	\$12,000.00
	\$236,520.00		\$0.00		\$236,520.00	
City of Placentia	\$82,917.50	\$3,360.00	\$0.00	\$0.00	\$82,917.50	\$3,360.00
	\$86,277.50		\$0.00		\$86,277.50	
City of Santa Ana	\$73,545.00	\$2,360.00	\$12,400.00	\$1,000.00	\$85,945.00	\$3,360.00
	\$75,905.00		\$13,400.00		\$89,305.00	
City of Tustin	\$30,225.00	\$1,440.00	\$0.00	\$0.00	\$30,225.00	\$1,440.00
	\$31,665.00		\$0.00		\$31,665.00	
City of Yorba Linda	\$105,220.00	\$2,400.00	\$17,430.00	\$0.00	\$122,650.00	\$2,400.00
	\$107,620.00		\$17,430.00		\$125,050.00	
TOTAL MATCH	\$634,840.00	\$21,560.00	\$29,830.00	\$4,360.00	\$664,670.00	\$25,920.00
	\$656,400.00		\$34,190.00		\$690,590.00	

* Primary Implementation Phase

** Operations and Maintenance Phase

CITIES agree the final amount and corresponding match may vary and will be based on the 20% of actual cost of implementing all timing, improvements, and maintenance, as identified in the project application. OCTA will fund the remaining 80% of the project cost estimated at Two Million Seven Hundred Sixty-Two Thousand Three Hundred Sixty Dollars (\$2,762,360.00).

C. Upon issuance of a Notice to Proceed to the consultant that is selected by ORANGE through a Request for Proposal, ORANGE may issue invoices to CITIES for up to eighty percent (80%) of the cash match amount identified in Section 3.B, above, and Exhibit "A." The remaining cash match amount will be invoiced after the completion of the Primary Implementation Phase of the PROJECT.

D. CITIES agree that unused PROJECT funds from one city may be used by another city (with matching fund responsibility) upon mutual written agreement of CITIES.

E. In the event the cost of the PROJECT exceeds the estimates as submitted in the APPLICATION, ORANGE shall meet with the affected city to determine revisions to the PROJECT. Any revisions necessitating an increase to the budget(s) or revised funding proposal(s) are subject to advanced written approval by the affected city. Any cost overruns shall be the financial responsibility of the jurisdiction where the work improvement occurs or as the case may be, causes the required improvement.

F. CITIES agree to:

(1) Designate a technical lead person to act as the liaison for the PROJECT. The liaison and any other required personnel shall attend and participate in all PROJECT-related meetings and participate on the OCTA Traffic Forum.

(2) Participate, cooperate and coordinate with contractors, consultants, vendors and staff in good faith using reasonable efforts to resolve any unforeseen issues and disputes arising out of the PROJECT to the extent practicable with respect to the performance of the PROJECT.

(3) Participate and support the PROJECT implementation within the timeframe outlined in the APPLICATION and consistent with OCTA's Comprehensive Transportation Funding Programs ("CTFP") Guidelines.

(4) Provide ORANGE all current intersection, local field master, and/or central control system timing plans and related data upon request.

(5) Identify and verify the upgrades to Traffic Control Elements to be constructed and installed as part of the PROJECT and as identified in the project application for each city.

(6) Coordinate the inclusion of other Traffic Control Elements and in-kind services, where necessary, that CITIES require for the implementation of the PROJECT but are

not included in the project application. Each city shall be responsible for the inclusion of such elements within reason.

(7) Maintain PROJECT-related signals and telecommunications equipment with high priority during the PROJECT and be responsible for repair of the signal control systems in CITIES' own jurisdiction.

(8) Provide on-site support for signal control systems, timing plans, detection systems and related equipment during construction, installation and integration, and be available to change or make adjustments to timing plans at a central or field location when necessitated by the PROJECT.

(9) Waive all fees associated with any local agency permits that may be required of the consultant, sub-consultants, contractors and/or service or equipment providers in the performance of the PROJECT.

(10) Document in-kind match or dollar match funding as identified in the project application and provide verification of such expenditures as part of any required review or audit process, which may include payroll records, contracts and purchase orders.

(11) Maintain and operate the traffic signals and improvements for a period of two (2) years following the completion of the Primary Implementation Phase of the PROJECT.

(12) Maintain a complete set of records in accordance with generally accepted accounting principles. Upon reasonable notice, CITIES shall permit the authorized representatives of ORANGE to inspect and audit all work, materials, payroll, books, accounts, and other data and records of CITIES for a period of four (4) years after final payment, or until any on-going audit is completed, whichever is later. For purposes of audit, the date of completion of this Agreement shall be the date of ORANGE's payment of CITIES' final billing (so noted on the invoice), if applicable, under this Agreement. ORANGE shall have the right to reproduce any such books, records, and accounts. The above provision with respect to audits shall extend to and/or be included in contracts with CITIES' contractor(s).

4. RESPONSIBILITIES OF ANAHEIM, PLACENTIA, SANTA ANA, TUSTIN AND YORBA LINDA

A. ANAHEIM, PLACENTIA, SANTA ANA, TUSTIN and YORBA LINDA agree to the following responsibilities for implementation and funding of the PROJECT:

(1) To designate ORANGE as the Administering Agency for the PROJECT, authorizing ORANGE to manage, procure and implement all aspects of the PROJECT.

(2) To authorize ORANGE to enter into a Cooperative Agreement on CITIES' behalf with the State of California Department of Transportation (Caltrans) to coordinate the implementation of Intelligent Transportation System (ITS) equipment and coordinated signal synchronization at intersections between city streets and State Highway System Off-Ramps

(Caltrans Improvements). Such Cooperative Agreement for General Traffic Signal Synchronization is required by Caltrans. (This Section is not applicable to PLACENTIA.)

(3) To reimburse ORANGE for the costs of improvements and coordination attributable to Caltrans Improvements in each city's jurisdiction. Payment shall be within thirty (30) days of receipt of invoice from ORANGE. (This Section is not applicable to PLACENTIA.)

(4) To authorize OCTA to distribute its grant allocation of approximately Two Million Seven Hundred Sixty-Two Thousand Three Hundred Sixty Dollars (\$2,762,360.00) to ORANGE in order to pool the CITIES' grant funds to effect completion of a more thorough PROJECT than could be accomplished by each city individually.

(5) To contribute CITIES' match share of cash and in-kind services as set forth in Section 3.B, above. Payment shall be within thirty (30) days of receipt of invoice from ORANGE.

(6) To provide detailed documentation supporting any in-kind match set forth in Section 3.B, above, to the reasonable satisfaction of ORANGE.

(7) To help develop the PROJECT scope, attend team meetings, and review all consultant and administrative reports pertaining to the scope of work in their individual jurisdictions.

(8) To provide required updates as requested by OCTA as part of the semi-annual review process until the completion of the three-year grant period. Documents to be provided include but are not limited to payroll records, contracts, and purchase orders related to the PROJECT.

B. ANAHEIM may request to implement, within its own jurisdiction, Tasks 3 and/or 7 as listed in the Primary Implementation Phase, in coordination with and the written approval of ORANGE as follows:

(1) Prior to ORANGE granting approval of ANAHEIM's request, ANAHEIM shall initiate discussions with and obtain concurrence from OCTA.

(2) ANAHEIM shall assume responsibility for the coordination, design, construction and integration of all field and Traffic Management Center elements in the assigned Tasks and according to the timeline as set forth in the APPLICATION.

(3) ANAHEIM shall ensure its PROJECT Tasks are performed in accordance with OCTA's Comprehensive Transportation Funding Program Guidelines.

(4) Any change in scope from Exhibit "A" or change in budget as outlined in 3.B as it pertains to any Tasks undertaken by ANAHEIM shall require prior written approval from ORANGE.

(5) ANAHEIM's responsibilities and the required timeline shall be set forth in a separate writing, signed by the designated project managers for ANAHEIM and ORANGE.

(6) Failure of ANAHEIM to perform Tasks 3 and/or 7 within the approved timeline and according to the approved scope may result in a loss of funding or costs deemed ineligible for reimbursement. Costs incurred by ANAHEIM that are deemed ineligible shall be the sole responsibility of ANAHEIM.

(7) ANAHEIM shall fund the approved Tasks as the costs are incurred. ANAHEIM shall receive reimbursement for said Tasks after OCTA approves such expenses.

5. RESPONSIBILITIES OF ORANGE

ORANGE agrees to the following responsibilities for implementation and funding of the PROJECT:

A. To manage the PROJECT for CITIES. ORANGE shall act as the Administering Agency for the work for all CITIES. Within ten (10) days after this Agreement has been executed, ORANGE will provide an executed copy of this Agreement to OCTA, pursuant to the terms and conditions set forth herein.

B. To contribute its match share of cash as set forth in Section 3.B, above.

C. To enter into any required Cooperative Agreement with Caltrans regarding Caltrans Improvements in CITIES; to comply with all the terms and conditions of said Cooperative Agreement; to pay invoices for such Caltrans Improvements as required by Caltrans; and to invoice CITIES in a timely manner with detailed documentation of said Caltrans Improvements.

D. To work cooperatively with CITIES; to ensure that CITIES have the opportunity to provide meaningful input into all phases of the PROJECT; to ensure that CITIES' staff has adequate time to review all draft reports, contracts, the proposed scope of work, and any other pertinent information; and to convene regular meetings of staff representatives from CITIES to provide a regular process of input from CITIES to the consultant team.

E. To enter into an agreement with a qualified consultant and contractor to assist in the completion and monitoring of the PROJECT.

F. To coordinate the work effort of the PROJECT, provide the day to-day management of the consultant, and manage all consultant administration and contracting. ORANGE shall review and pay the consultant's invoices accordingly after ensuring that the work has been satisfactorily performed.

G. To provide ongoing maintenance and operation of optimized signal timing after the Primary Implementation phase of the PROJECT is completed and to continue such maintenance until the end of the grant period and provide verification of such activities as required by Measure M2 program funding.

H. To comply with all of the terms and conditions of its Cooperative Agreement with OCTA, including the project reporting and auditing requirements contained therein.

I. ORANGE, or its authorized representatives, may upon close-out of PROJECT under this Agreement, perform an audit and or technical review to ensure that the CTFP Guidelines policies and procedures were followed. Such an audit shall be performed within one hundred eighty (180) days after the PROJECT's grant period is complete. If the audit or technical review determines that any of the activities performed are ineligible for CTFP funding, the city that incurred the ineligible expense must return the amount of funding used to perform the ineligible activity to ORANGE.

6. MUTUAL INDEMNIFICATION

ORANGE and the participating CITIES (PARTNERS) agree to indemnify, defend and hold harmless all PROJECT partners, their elected officials, officers, agents and employees from and against all claims (including attorney's fees and reasonable expenses for litigation and settlement) for any loss or damages, bodily injuries, damage to, or loss of property caused by negligent acts, omission or willful misconduct of the PARTNERS, their officers, agents and employees in connection with or arising out of the performance of this Agreement.

7. INSURANCE

A. CITIES shall each maintain and keep in full force and effect during the term of this Agreement insurance or a program of self-insurance against claims for injuries to persons or damages to property which may arise in connection with CITIES' performance of their obligations hereunder.

B. CITIES shall require their consultants and contractors performing work in connection with this Agreement to obtain and maintain the following minimum amount of insurance during the term of this Agreement as described below:

(1) General liability insurance in the amount of \$1,000,000 per occurrence and \$2,000,000 in the aggregate. Such insurance shall: (a) cover bodily injury, death and property damage; (b) name CITIES, and their elected officials, officers, employees, agents, volunteers and representatives as additional insured(s); and (c) be primary and not contributory with respect to insurance or self-insurance programs maintained by the city.

(2) Business automobile liability with a combined single limit of \$1,000,000. Said insurance shall cover bodily injury, death and property damage for all owned, non-owned and hired vehicles and be written on an occurrence basis.

(3) Workers' compensation insurance as required by law with any required employer's liability insurance with limits not less than \$1,000,000 per accident.

(4) Professional liability insurance covering errors and omissions arising out of the performance of this Agreement with a minimum limit of \$1,000,000 per claim. Contractor shall agree to keep such policy in force and effect for PROJECT duration.

C. The insurance policies maintained by a consultant or contractor shall be primary insurance and no insurance held or owned by CITIES shall be called upon to cover any loss under the policy. A consultant or contractor will determine its own needs in procurement of insurance to cover liabilities other than as stated above.

D. Before a consultant or contractor performs any work or prepares or delivers any materials, it shall furnish certificates of required insurance and endorsements to CITIES, evidencing the aforementioned minimum insurance coverages on forms acceptable to ORANGE, which shall provide that the insurance in force will not be canceled or allowed to lapse without at least ten (10) days' prior written notice to CITIES.

E. If a consultant or contractor maintains broader coverage and/or higher limits than the minimums described above, the CITIES shall require and shall be entitled to the broader coverage and/or higher limits maintained by the consultant or contractor.

8. GENERAL PROVISIONS

A. Complete Agreement. This Agreement, including any attachments incorporated herein and made applicable by reference, constitutes the complete and exclusive statement of the terms and conditions of the agreement among CITIES and it supersedes all prior representations, understandings and communications among the parties.

B. Representatives. CITIES each designate their City Manager or his/her designee to be the representative of CITIES for purposes of this Agreement. The City Manager may issue all consents, approvals, directives, and agreements called for by this Agreement, except as otherwise expressly provided in this Agreement.

C. Waiver. The delay or failure of any city at any time to require performance or compliance by the other of any of its obligations or agreements shall in no way be deemed a waiver of those rights to require such performance or compliance. No waiver of any provision of this Agreement shall be effective unless in writing and signed by a duly authorized representative of the city against whom enforcement of a waiver is sought. The waiver of any right or remedy in respect to any occurrence or event shall not be deemed a waiver of any right or remedy in respect to any other occurrence or event, nor shall any waiver constitute a continuing waiver.

D. Severability. If any term, provision, covenant or condition of this Agreement is held to be invalid, void or otherwise unenforceable, to any extent, by any court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby, and each term, provision, covenant or condition of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

E. Compliance with All Laws. CITIES shall comply with all applicable federal, state and local laws, statutes, ordinances and regulations of any governmental agency having jurisdiction over the PROJECT.

F. Force Majeure. CITIES shall not be responsible for delays or lack of performance resulting from acts beyond their reasonable control. Such acts include, but are not limited to, any incidence of fire, flood, acts of God, commandeering of material, products, plants or facilities by the federal, state or local government, national fuel shortage, pandemic, and any other conditions beyond the reasonable control of a city.

G. Assignment. Neither this Agreement, nor any of the CITIES' rights, obligations, or duties hereunder may be assigned in whole or in part by any city without the prior written consent of the other CITIES in their sole and absolute discretion. Any attempted assignment shall be deemed void and of no force and effect. Consent to one assignment shall not be deemed consent to any subsequent assignment, nor the waiver of any right to consent to such subsequent assignment.

H. Governing Law. This Agreement shall be governed by and construed under the laws of the State of California and applicable local and federal laws, regulations and guidelines. In the event of any legal action to enforce or interpret this Agreement, the parties agree that the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California.

I. Attorneys' Fees. If litigation is brought by any city in connection with this Agreement, the prevailing party(ies) shall be entitled to recover from the opposing party(ies) all costs and expenses, including reasonable attorneys' fees, incurred by the prevailing party(ies) in the exercise of its rights and remedies hereunder or the enforcement of any of the terms, conditions, or provisions hereof.

J. Notices. Any notices, requests, or demands made among the CITIES pursuant to this Agreement are to be directed as follows:

To ORANGE:

City Clerk
City of Orange
300 E. Chapman Ave.
Orange, CA 92866

To ANAHEIM:

City Clerk
City of Anaheim
200 S. Anaheim Blvd.
2nd Floor, Room 217
Anaheim, CA 92805

To PLACENTIA:

City Clerk
City of Placentia
401 E. Chapman Ave.
Placentia, CA 92870

To SANTA ANA:

Clerk of the Council
City of Santa Ana
20 Civic Center Plaza
Santa Ana, CA 92701

To TUSTIN:

City Clerk
City of Tustin
300 Centennial Way
Tustin, CA 92780

To YORBA LINDA:

City Clerk
City of Yorba Linda
4845 Casa Loma Ave.
Yorba Linda, CA 92886

K. Order of Precedence. In the event of an inconsistency between this Agreement and the attached Exhibit, the terms set forth in this Agreement shall prevail. If, and to the extent this Agreement incorporates by reference any provision of any document, such provision shall be deemed a part of this Agreement. Nevertheless, if there is any conflict among the terms and conditions of this Agreement and those of any such provision or provisions so incorporated by reference, this Agreement shall govern over the document referenced.

L. Headings. Paragraphs and subparagraph headings contained in this Agreement are included solely for convenience and are not intended to modify, explain or to be a full or accurate description of the content thereof and shall not in any way affect the meaning or interpretation of this Agreement.

M. Construction. The parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises with respect to this Agreement, this Agreement shall be construed as if drafted jointly by the parties and in accordance with its fair meaning. There shall be no presumption or burden of proof favoring or disfavoring any party by virtue of the authorship of any of the provisions of this Agreement.

N. Amendments. Only a writing executed by the parties hereto or their respective successors and assigns may amend this Agreement.

O. Counterparts of Agreement. This Agreement may be executed and delivered in any number of counterparts, each of which, when executed and delivered shall be deemed an original and all of which together shall constitute one agreement.

P. Corporate Authority. The persons executing this Agreement on behalf of the parties hereto warrant that they are duly authorized to execute this Agreement on behalf of said parties and that by doing so the parties hereto are formally bound to the provisions of this Agreement.

IN WITNESS WHEREOF, CITIES have caused this Agreement to be executed by and through their respective authorized officers, as of the date first above written.

- Yorba Linda

SECTION 2: LEAD AGENCY

City of Orange will be the lead agency

County of Orange will be the lead agency

Please note OCTA will not be leading projects for this Call for Projects.

The Tustin Avenue Rose Drive RTSSP corridor is a rejuvenated project originally performed and funded by M2 RTSSP in 2011 and was from the original Call for Projects. The project for FY 20/21 has been expanded to include the City of Yorba Linda making the total number of participating agencies now 6 plus Caltrans. The corridor length is close to 12 miles in length and will have 54 intersections retimed including some crossing arterial segments and interfacing abutting agency intersections to two crossing corridors with the SR-55 Freeway. All signal and ITS equipment need to be updated to the latest ATC standards to promote Automated Traffic Signal Performance Measures and to embrace Connected Vehicle technologies.

Land uses along the corridor have changed over the course of time. The Mall of Orange is now changed over to an individually owned small retail store situation with many fast food restaurants, etc. Major brick and mortar anchor stores have all left this type of development because of on line purchasing applications. Other types of entertainment and retail development has increased all across the length of the Tustin Avenue area. The Pacificenter complex in Anaheim has also recently developed and is influencing operations on both Tustin Avenue and La Palma Avenue. The Orangethorpe Grade Separation project has eliminated a full eight phase intersection impacted by the BNSF rail crossing. All conflicts and queueing issues have been resolved.

The original timing has decayed and needs to be revisited. Therefore, it is imperative that this very important corridor be considered for the 2020 Call for Projects from OCTA

SECTION 3: RESOLUTIONS OF SUPPORT

Draft resolutions and letters of support from the partnering Traffic Forum members are provided in the Appendix A to E.

1. City of Yorba Linda Resolution will be approved at the City Council Meeting on November 5, 2019.
2. A letter of support from Caltrans District 12 was sent to the City of Orange on October 19, 2019
3. A letter of intent from the City of Orange was sent to OCTA on October 16, 2019. A Resolution will be approved by the City Council on November 12, 2019
4. A Letter of support from the City of Placentia was sent to the City of Orange on October 16, 2019. A Resolution
5. A letter of intent from the City of Tustin was sent to the City of Orange on October 19, 2019. A Resolution will be approved by the City Council on November 19, 2019
6. A letter of intent from the City of Santa Ana was sent to the City of Orange on October 16, 2019. A Resolution will be approved by the City Council on November 19, 2019
7. A letter of intent from the City of Anaheim was sent to the City of Orange on October 23, 2019. A Resolution will be approved by the City Council in December of 2019
8. A sample Resolution is supplied for the City of Anaheim. A full resolution will be approved by the City Council in December of 2019

**TUSTIN AVENUE/ROSE DRIVE
RTSSP GRANT APPLICATION OCTOBER 2019**

SECTION 4: PRELIMINARY PLANS FOR THE PROJECT

Primary Implementation (PI)

The Primary Implementation phase will last approximately one year and include the following elements:

Task 1: Project Administration

The City of Orange will lead the project using contracted consultant staff to optimize signal synchronization timing along the Tustin Avenue/Rose Drive corridor. Orange shall perform normal day to day project administration duties. Local agency staff will perform local project administration duties. Project budget shall include time and funding for agency outreach and coordination. Orange will be responsible for all fiduciary elements of the project including dissemination of any funds and/or collection of funds from the partnering agencies. Project Administration services by Orange will include but not be limited to administration, engineering and design, coordination, presentation and other related responsibilities to ensure a timely project delivery. The budget shall include time and funding for outreach and cooperative agreement development and matching funds required by the partners.

Task 2: Data Collection

The Consultant contracted by the City of Orange will collect data necessary to thoroughly understand existing traffic conditions in the study area, develop a concept of operations, and be able to develop optimal time-of-day traffic signal coordination plans for specific zones and traffic generators as applicable.

Task 3: Field Review and Plans Specifications, and Estimates

The City of Orange's contracted consultant shall be a qualified traffic engineering consultant with the ability to complete the engineering design of the fiber upgrade and communications for the project. The Consultant will review the geometric layout, existing traffic signal equipment, and signal synchronization related infrastructure to identify any deficiencies for each intersection and along the whole corridor/route. The review shall include an assessment of the existing intersection geometry, traffic conditions, traffic signal control equipment, and telemetry/interconnect facilities along the corridor and of each intersection using observation, available as-built plans, consultation with the local AGENCIES, and Party supplied aerial photos. Based on the initial assessment by the partnering agencies and with their respective permission, the CONSULTANT shall inspect the interior of each traffic control cabinet, inspect the telemetry systems and determine their respective condition and make recommendations for equipment upgrades. The project scope shall encourage innovative solutions and also account for unforeseen conditions.

Task 4: Corridor "Before" Study

The City of Orange's contracted consultant shall be a qualified traffic engineering consultant with the ability to conduct "before" floating car travel runs prior to timing implementation. The Consultant will conduct a 'Before' field study report representative of the times and days for which synchronization plans will be developed. The report shall identify Measures of Effectiveness (MOE) to evaluate the effects of the synchronization plans. MOE's will likely include traffic flow, travel time, average speed, number of stops per mile, number of intersections traversed on green vs. stopped by red (Greens per Red) (note: Average Speed, Stops per Mile, and Greens per Red are the new OCTA MOE, Corridor Synchronization Performance Index (CSPI)), fuel consumption reduction, pollution reduction, and other pertinent items. Agencies with Automated Signal Performance Measures should provide any data or analytics as part of the Before Study.

Task 5: Signal Timing Optimization and Implementation

Synchronization or coordination will be inter-jurisdictional in nature. All existing special generators such as schools or attractive businesses, traffic patterns, flows, and conditions will be taken into account. Synchronized timing will be developed for the AM Peak, PM Peak, Mid-day Peak and Weekend Peak. Crossing Arterial projects that have recently been timed will be considered as part of the project. Timing plans will be developed that assist traffic in getting to its destination without regard to physical or jurisdictional boundaries.

Task 6: Corridor "After" Study

The City of Orange's contracted consultant shall be a qualified traffic engineering consultant with the ability to conduct "after" floating car travel runs after timing implementation. The Consultant will

**TUSTIN AVENUE/ROSE DRIVE
RTSSP GRANT APPLICATION OCTOBER 2019**

conduct an 'After' field study representative of the times and days for which synchronization plans will be developed. The 'After' study must be conducted in the same manner and contain the same MOE's as the 'Before' study in order to evaluate the improvements of the synchronization plans. MOE's should be compiled for the optimized corridor using the floating car method. Agencies with ATSPM shall provide any data and analytics to complement both the before and after studies.

Task 7: Synchronization System Construction

The City of Orange will use qualified traffic engineering consultants to design all infrastructure and equipment upgrades based on Section 5. All installations and upgrades will be per the owning agencies' standards. Details of equipment upgrades are tabulated in Tables I and II. Since the agencies have requested Orange to be the lead on this project, Orange will enlist a qualified contractor on a standard procurement basis to construct the facilities based on State and local agencies standards, specifications, and special provisions as developed by the consultant.

Task 8: Primary Implementation Project Report

The contracted consultant will develop a before and after study for the project. This report will be completed after the Primary Implementation is completed and will include the following:

- Introduction/project description: a summary of the project including the purpose, background, and objectives of the project.
- Data collection: a summary of the data collected as part of the effort including the traffic counts, phasing, lane configurations, etc.
- Traffic signal systems improvements: a summary of the implemented traffic signal systems improvements by city.
- Signal timing optimization: a summary of the development and implementation of updated signal timing including the models, selected cycle lengths, intersection groupings, etc.
- Results: the study will contain directional morning, mid-day, evening, and weekend peak periods using travel times, average speeds, green lights to red lights, stops per mile, and the derived corridor synchronization performance index (CSPI) metric. This information shall be collected both before and after any signal timing changes have been made. Additional details based on the Final Report Template will also be included.
- Benefits to cost analysis: project benefits resulting from signal synchronization will be evaluated based on the before and after study results. Savings will be calculated for travel time, fuel consumptions, vehicle maintenance, Greenhouse Gas (GHG) reduction, and a final benefit cost ratio.
- Future signal corridor improvements: recommendations for system and equipment enhancements to improve traffic flow and signal synchronization will be provided.
- Conclusion: a summary of the before and after study and its findings.

The City of Orange shall be responsible for submission of this document along with relevant backup information to OCTA Programs for close out of the PI Phase.

Task 9: On-going Maintenance & Operations

The City of Orange's contracted consultant shall provide "on-call" signal timing support services for a period of two years or 24 months following the complete closeout and all payments made for the Primary Implementation phase, to address any future adjustments that may be needed during this period. Depending on the nature of the adjustment, the Consultant may accomplish the fine-tuning adjustments remotely from the office through the traffic management systems. During this 24-month period the Consultant will be prepared to review any project intersection requested within (24) hours of written notice, including observing and fine-tuning the signal timing. The Consultant will also assist with resolving communications and detection issues along the corridor.

The Consultant will drive the length of the project arterial during all designated corridor synchronization timing plan hours of operation on a monthly basis in order to verify that the synchronization timing is working as designed, and complete any necessary adjustments. Monthly driving times will consist of a full 12-hour weekday and a 4-hour Saturday. All drives shall be documented. A copy, limited to jurisdictional boundaries, shall also be sent to each agency.

At the end of the 2-year O&M phase, the Consultant shall prepare a memorandum to summarize the O&M phase. It should, at the minimum, include when travel runs were conducted, issues and solutions throughout the phase, and recommendations for future improvements.

**TUSTIN AVENUE/ROSE DRIVE
RTSSP GRANT APPLICATION OCTOBER 2019**

SECTION 5: FUNDING NEEDS / COSTS FOR PROPOSED PROJECT BY TASK

Primary Implementation

The Primary Implementation will last one year and include the following elements (See Table I and Table II).

Project Tasks	Cost / Int	Total Cost	Match	
			Cash	In-Kind
Task 1: Project Administration	\$ 2,000.00	\$ 108,000.00	\$ 20,600.00	\$ 1,000.00
Task 2: Data Collection	\$ 850.00	\$ 45,900.00	\$ 9,180.00	\$ -
Task 3: Field Review and Plans Specifications, and Estimates	\$ 7,350.00	\$ 396,900.00	\$ 72,440.00	\$ 6,940.00
Task 4: Corridor "Before" Study	\$ 600.00	\$ 32,400.00	\$ 6,480.00	\$ -
Task 5: Signal Timing Optimization and Implementation	\$ 5,150.00	\$ 278,100.00	\$ 51,620.00	\$ 4,000.00
Task 6: Corridor "After" Study	\$ 600.00	\$ 32,400.00	\$ 6,480.00	\$ -
Task 7: Synchronization System Construction (See Table II)	-	\$2,375,650.00	\$ 457,240.00	\$ 17,890.00
Task 8: Primary Implementation Project Report	\$ 1,000.00	\$ 54,000.00	\$ 10,800.00	\$ -
Task 9: Ongoing Operations & Maintenance (See Task 9 Details)	\$ 2,400.00	\$ 129,600.00	\$ 21,560.00	\$ 4,360.00
Total Project Cost:		\$ 3,452,950.00	\$ 656,400.00	\$ 34,190.00

Ongoing Operations & Maintenance

Ongoing Operations and Maintenance will last two years and include the following elements. (See **Task 9 Details**):

Task 9 Details:

Task	Description of Work	Unit Price / Intersection	# of signals	Cost
Project Administration	Day to day administrative duties during O&M			included
Monitoring and improving optimized signal timing	Drive monthly and improve timing parameters along 54 signals for 24 months after signal timing and implemented along Tustin Avenue/Rose Drive from 1st Street to Wabash Avenue (@\$70/signal/month)	\$1,680.00	54	\$90,720
Communications and detection support	Monitor, maintain, and repair communication and detection along for 54 signals for 24 months after signal timing is implemented along Tustin Avenue/Rose Drive. (@ \$30/signal/month)	\$720.00	54	\$38,880
OMM Memorandum	A memorandum to summarize the O&M phase, including details on when travel runs were conducted; issues and solutions throughout the phase; and recommendations for future improvements.			included
Proposed Ongoing Operations & Maintenance:				\$129,600

Total Project Cost (Including PI and O&M for a total of 3 years):

Total M2 Request:
Total Agency Match:
Total Project Cost:

Total
\$2,762,360.00
\$690,590.00
\$3,452,950.00

SECTION 6: PROJECT SCHEDULE BY TASK

Project start date: August 1, 2020

Project end date: July 31, 2023

Primary Implementation

Task	Starting Date	Ending Date
Task 1: Project Administration	August 1, 2020	June 30, 2023
Task 2: Data Collection	August 1, 2020	September 30, 2020
Task 3: Field Review and Plans Specifications, and Estimates	August 1, 2020	October 31, 2020
Task 4: Corridor "Before" Study	November 1, 2020	November 7, 2020
Task 5: Signal Timing Optimization and Implementation	August 1, 2020	May 1, 2021
Task 6: Corridor "After" Study	May 5, 2021	May 12, 2021
Task 7: Synchronization System Construction	December 1, 2020	May 31, 2021
Task 8: Primary Implementation Project Report	June 15, 2021	June 15, 2021
Task 9: Ongoing Operations & Maintenance	August 1, 2021	June 30, 2023

Ongoing Monitoring and Maintenance

Task	Starting Date	Ending Date
a. Monitoring and improving optimized signal timing	August 1, 2021	June 30, 2023
b. Communications and detection support	August 1, 2021	June 30, 2023
c. OMM Memo	August 1, 2021	June 30, 2023

	107,620.00		17,430.00		125,050.00	
TOTAL MATCH	634,840.00	21,560.00	29,830.00	4,360.00	664,670.00	25,920.00
	656,400.00		34,190.00		690,590.00	

PART 2: MATCH BREAKDOWN (CASH vs IN-KIND SERVICES)

A. Cash Match

Agency	Funding Source	Amount of Cash Contribution
City of Anaheim	Local Funds	\$118,412.50
City of Orange	Local Funds	\$236,520.00
City of Placentia	Road Funds	\$86,277.50
City of Tustin	Local Funds	\$31,665.00
City of Santa Ana	Local Funds	\$75,905.00
City of Yorba Linda	Local Funds	\$107,620.00
TOTAL CASH MATCH:		\$656,400.00

B. In-Kind Services

i. Specific Improvements (List items and Cost):

Agency	Description	Expenditure
Total Specific Improvements (i):		\$0.00

ii. Staffing Commitment:

Agency	Staff Position	Type of Service to Project	No. of Hours	Fully Burdened Hourly Rate	Total*
City of Santa Ana	Senior Civil Engineer	Project Administration, Quality Assurance & Signal Timing	50.0	\$86.93	\$4,346.50
	Assistant Engineer	Design PS&E	58.0	\$76.41	\$4,431.78
	Construction Inspector	Construction Inspection	60.0	\$58.21	\$3,492.60
	Engineering Intern	Design PS&E	61.70	\$18.30	\$1,129.12
<i>Total for City of Santa Ana:</i>					\$13,400.00
	Project Manager	PS&E, Traffic Signal Timing, Timing Implimentation and Sstern integration Review, QA	18	\$165.00	\$2,970.00

**TUSTIN AVENUE/ROSE DRIVE
RTSSP GRANT APPLICATION OCTOBER 2019**

City of Yorba Linda	Senior Engineer	PS&E, Traffic Signal Timing, Timing Implimentation and Ststem integration Review, QA	22	\$150.00	\$3,300.00
	Traffic Signal System Supervisor	PS&E, Traffic Signal Timing, Timing Implimentation and Ststem integration Review, QA	33	\$135.00	\$4,455.00
	Traffic Signal System Specialist	Construction Observation	54	\$125.00	\$6,705.00
<i>Total for City of Yorba Linda:</i>					\$17,430.00
City of Anaheim	Engineering Intern	Drive Corridor and reports	168	\$20.00	\$3,360.00
<i>Total for City of Anaheim:</i>					\$3,360.00
Total Staffing Commitment (ii):					\$34,190.00
TOTAL IN-KIND MATCH* (i + ii):					\$34,190.00

*Total amount is the required participation by the identified agency. The number of hours and hourly rate will be based on each agency's actual fully burdened billing rates, which must collectively equal the same value of the assigned "Total" dollars. Each agency will be responsible for keeping detailed records of hours worked and description of work. An accounting record of personnel, hours at fully burdened rate is expected to be included with the final submittal. Records will be subject to auditing.

Task 3: Field Review and Plans Specifications, and Estimates	\$ 51,450.00	\$ 10,290.00	\$ -
Task 4: Corridor "Before" Study	\$ 4,200.00	\$ 840.00	\$ -
Task 5: Signal Timing Optimization and Implementation	\$ 36,050.00	\$ 7,210.00	\$ -
Task 6: Corridor "After" Study	\$ 4,200.00	\$ 840.00	\$ -
Task 7: Synchronization System Construction (See Table II)	\$ 469,212.50	\$ 93,842.50	\$ -
Task 8: Primary Implementation Project Report	\$ 7,000.00	\$ 1,400.00	\$ -
Task 9: Ongoing Operations & Maintenance (See Task 9 Details)	\$ 16,800.00	\$ -	\$ 3,360.00
Total Project Cost:	\$ 608,862.50	\$ 118,412.50	\$ 3,360.00

City of Orange

Project Tasks (Orange)	Total Cost	Match	
		Cash	In-Kind
Task 1: Project Administration	\$ 50,000.00	\$ 10,000.00	\$ -
Task 2: Data Collection	\$ 21,250.00	\$ 4,250.00	\$ -
Task 3: Field Review and Plans Specifications, and Estimates	\$ 183,750.00	\$ 36,750.00	\$ -
Task 4: Corridor "Before" Study	\$ 15,000.00	\$ 3,000.00	\$ -
Task 5: Signal Timing Optimization and Implementation	\$ 128,750.00	\$ 25,750.00	\$ -
Task 6: Corridor "After" Study	\$ 15,000.00	\$ 3,000.00	\$ -
Task 7: Synchronization System Construction (See Table II)	\$ 683,850.00	\$ 136,770.00	\$ -
Task 8: Primary Implementation Project Report	\$ 25,000.00	\$ 5,000.00	\$ -
Task 9: Ongoing Operations & Maintenance (See Task 9 Details)	\$ 60,000.00	\$ 12,000.00	\$ -
Total Project Cost:	\$ 1,182,600.00	\$ 236,520.00	\$ -

City of Placentia

Number of Signals: 7

7

Project Tasks (Placentia)	Total Cost	Match	
		Cash	In-Kind
Task 1: Project Administration	\$ 14,000.00	\$ 2,800.00	\$ -
Task 2: Data Collection	\$ 5,950.00	\$ 1,190.00	\$ -
Task 3: Field Review and Plans Specifications, and Estimates	\$ 51,450.00	\$ 10,290.00	\$ -
Task 4: Corridor "Before" Study	\$ 4,200.00	\$ 840.00	\$ -
Task 5: Signal Timing Optimization and Implementation	\$ 36,050.00	\$ 7,210.00	\$ -
Task 6: Corridor "After" Study	\$ 4,200.00	\$ 840.00	\$ -
Task 7: Synchronization System Construction (See Table II)	\$ 291,737.50	\$ 58,347.50	\$ -
Task 8: Primary Implementation Project Report	\$ 7,000.00	\$ 1,400.00	\$ -
Task 9: Ongoing Operations & Maintenance (See Task 9 Details)	\$ 16,800.00	\$ 3,360.00	\$ -
Total Project Cost:	\$ 431,387.50	\$ 86,277.50	\$ -

City of Yorba Linda

Number of Signals: 4

5

Project Tasks (Yorba Linda)	Total Cost	Match	
		Cash	In-Kind
Task 1: Project Administration	\$ 10,000.00	\$ 2,000.00	\$ -
Task 2: Data Collection	\$ 4,250.00	\$ 850.00	\$ -
Task 3: Field Review and Plans Specifications, and Estimates	\$ 36,750.00	\$ 4,410.00	\$ 2,940.00
Task 4: Corridor "Before" Study	\$ 3,000.00	\$ 600.00	\$ -
Task 5: Signal Timing Optimization and Implementation	\$ 25,750.00	\$ 5,150.00	\$ -
Task 6: Corridor "After" Study	\$ 3,000.00	\$ 600.00	\$ -
Task 7: Synchronization System Construction (See Table II)	\$ 525,500.00	\$ 90,610.00	\$ 14,490.00
Task 8: Primary Implementation Project Report	\$ 5,000.00	\$ 1,000.00	\$ -
Task 9: Ongoing Operations & Maintenance (See Task 9 Details)	\$ 12,000.00	\$ 2,400.00	\$ -
Total Project Cost:	\$ 625,250.00	\$ 107,620.00	\$ 17,430.00

Note: Rose Drive at Imperial Highway is in PI on another project.

Note: Cities with Caltrans intersections are included within their totals

Project Summary

X All guidelines were met for this project.

**TUSTIN AVENUE/ROSE DRIVE
RTSSP GRANT APPLICATION OCTOBER 2019**

LIST OF CONTACTS

Agency	Phone	Email	Street Address
City of Orange Larry Tay Traffic Engineer	714-744-5534	ltay@cityoforange.org	City of Orange 300 E. Chapman Avenue Orange, CA 92866
City of Anaheim John Thai Principal Traffic Engineer	714-765-5202	jthai@anaheim.net	City of Anaheim Traffic Management Center 200 South Anaheim Boulevard Anaheim, CA 92805
City of Placentia Luis Estevez Director of Public Works	714-993-8120	lestevez@placentia.org	City of Placentia 401 E. Chapman Avenue Placentia, CA 92870
City of Santa Ana Cesar Rodriguez Senior Civil Engineer	714-647-5626	crodriguez5@santa-ana.org	City of Santa Ana 20 Civic Center Plaza Traffic Engineering Section/M-43 Santa Ana, CA 92702
City of Tustin Krys Saldivar Public Works Manager- Traffic/Transportation	714-573-3172	ksaldivar@tustinca.org	City of Tustin 300 Centennial Way Tustin, CA 92780
City of Yorba Linda Tony Wang Traffic Engineering Manager	714-961-7184	twang@yorba-linda.org	City of Yorba Linda 4845 Casa Loma Avenue Yorba Linda, CA 92885-8714
Caltrans District 12 Shivinderjit Singh Branch Chief Electrical	949-936-3464	shivinderjit.singh@dot.ca.gov	Caltrans District 12 - TMC 6681 Marine Way Irvine, CA 92618
