

Justification for Sole Source

Body Armor Project
Orange City Fire Department

We meet or exceed all of your Specifications and also provide the following:

- The model 5216 (male level II) ballistic vests are proprietary designs exclusive to U.S. Armor Corporation.
- The Ready Vest G2 Carrier is a proprietary design sold exclusively by U.S. Armor Corporation.
- We “Tailor” our vests to your personnel measuring in ½” increments for a better fit. The Industry standard uses 1” increments.
- U.S. Armor Corporation has no dealers or distributors in the Los Angeles – Orange County area allowing you to deal directly with us, saving you money.
- We are the only local body armor manufacture so we can better provide you with exceptional customer service, repairs, supplies, and any other need that may arise.
- We have highly trained personnel that measure your personnel at your facility’s to properly custom fit your ballistic vests.
- We offer a comprehensive 60-day custom fit guarantee.

Thank you for your consideration.

Regards,

Stephen Armellino
