The two replacement vehicles as follows:

Year 2011 Chevy Tahoe replacement cost for 2022 Chevy Tahoe is \$78,769

Year 2013 Chevy Tahoe replacement cost for 2022 Chevy Tahoe is \$76,118

The delivery terms are 180-210 days upon receipt of order, with an additional three to four weeks to outfit this type of vehicle. The outfitting will include an electrical system, Code-3 equipment, and 800 MHz radio communication and is included in the total replacement cost.
