To Whom It May Concern:

I would like to petition the City of Orange to make the east side of Batavia street between W. Nicolas St. and W. Angus Ave to be changed to no overnight parking because it is affecting the two business's customer parking @ 739 N. Batavia and Karco @ 721 N. Batavia. Some other local business is using this location to park cars for three days at a time and only changing them when they're getting warnings. I would like to put a stop to this!

Thank you,
